ABOUT YCCE

Yeshwantrao Chavan College of Engineering (YCCE) was established in the year 1984 by Nagar Yuvak Shikshan Sanstha, Nagpur. It is an autonomous institution affiliated to Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur. For over 36 years, it has successfully nurtured young engineering professionals. YCCE is the First private Engineering College to acquire "Autonomous Status" in central India. The institute is awarded with 'A' Grade by National Assessment and Accreditation Council (NAAC). YCCE has the vision to become the most preferred institution providing innovative, research and value based, professional education for the society at large and by the Academic Advisory Board consisting of eminent academicians from the prestigious technical institutes in India and USA.

ABOUT DEPARTMENT OF CIVIL ENGINEERING

The Department is accredited three times since 2003 by the National Board of Accreditation. The Primary objective of department is to become a well known centre for pursuing Civil Engineering education through innovative pedagogy, value-based education and industry collaboration. It provides facility to conduct research at the Undergraduate, Post-graduate and Doctoral levels in various areas of Civil Engineering with emphasis on emerging areas of Structural engineering, Environmental engineering, Hydraulics engineering, Soil engineering, Transportation engineering, Concrete technology. The department has well qualified and experienced senior faculty members.

ABOUT SPANDAN

The conference is intended to provide a platform for researchers, students of engineering (UG/PG) & applied sciences to exchange their ideas and to share the emerging technological developments in their respective areas.

CALL FOR PAPERS IN THE FOLLOWING TRACKS But Not Limited To

Original Research/ Project-based papers are invited in following tracks

Computer / Information Technology

- Artificial Intelligence
- Machine Learning
- Computer Networks & Network Security, Cyber Security
- Data Mining & Warehousing
- Internet of Things
- Bio informatics
- Mobile Communication
- Parallel and Distributed Computing
- High Performance Computing
- Digital Image Processing
- Softcomputing techniques
- Data Science & Analytics

Electronics / Electronics Telecommunication Engineering

- VLSI Design
- Digital Signal Processing & Image Processing
- Soft Computing Techniques
- IoT
- Wireless Communication Engineering
- Embedded Systems & RTOS

Electrical Engineering

- Distribution & Generation
- Renewable Energy Technology
- Grid Inferences
- Smart Grids
- Energy Storages
- Power Electronics Applications
- Electric Vehicles

Mechanical Engineering

- Thermal Engineering
- Production Engineering
- Design Engineering
- CAD/CAM
- Automobile Engineering
- Energy Technology
- Bio-Mechanical Engineering

Civil Engineering

- Advances in Concrete Technology
- Environmental Engineering
- Structural Engineering
- Pollution Prevention & Control
- Waste water recycling and Re-use
- Solid Waste management
- Hydraulic Engineering
- Construction Management
- Water Resources
- Construction Material
- Geotechnical Engineering
- Sustainable Construction Techniques & Technologies
- Application of green materials in infrastructure development

Applied Sciences

- Applied Mathematics
- Applied Chemistry
- Applied Physics
